Genuine Storytelling

## It's All About Relationship

Your wedding day is so important. When it comes to vendors, a big question to ask is, "*who am I spending the most time with during my wedding?*". The answer is, your wedding coordinator, photographer, and **videographer**. With that in mind, having someone that you can **connect**, have **fun**, and **be at ease with** is key. In our (Jalen & Riley) mission to serve couples, along with telling a great story, this is a crucial piece in what we will bring to you. **One of the biggest regrets** I have been told from couples is that they have a videographer. Please don't overlook value of a wedding video. (P.S. Riley and I are so grateful for ours.)

Have your story to hold through the years. Re-live what happened, the emotions and how it felt, and the connection that was shared. **Remember why you are together.**

# Alchemizing Authentic Story

## Fire • The Inspiration

When we get in touch, we send you a set of questions to answer and send back as a roadmap for our meeting, with the purpose of finding you the package that brings you the best value. Upon us closing, we go over the next step process of sending the contract with the reservation invoice.

## Air • Write the Story

*Write the Story* is the wedding day, where we bring knowledge, friendliness, and experience to the shoot. Making sure to capture the planned key moments, and the unplanned moments. Providing you a professional and high quality video that tells the genuine story.

## Earth • Build the Story

We edit a highlight video with the intent of love and care, in a way that represents your day as it was. The story in sequence of the day synchronized with music that fits the *vibe*.  
Designed for you to re-live your wedding day.

## Water • Memory Capsule

The finished video will be 4k and delivered via the cloud, along with a personalized message to you. Our turn around is 30-60 days from the shoot.

# Experience With Us

## **Nathan - 2020 - Groom**

"Jalen was an incredible videographer to work with on our wedding and we were so pleased with the way that he captured our day. His video was the perfect balance of romantic and fun, and truly captured the atmosphere of the day. We were very pleased with the end product, and we could not say enough good things about working with him. I can't watch the video without crying to be honest. Also, his turnaround time was fantastic. Hire Jalen!!"

### **Elizabeth - 2021 - Bride**

"Jalen was an easy integration into our wedding day. We were dealing with some bad weather and last minute details coming together, and Jalen was SO easy to work with. He got along very well (and extremely quickly) with my family and worked so well with the photographer, and seemed comfortable off the bat. He was punctual and easy to work with. He didn't hesitate to get the shots that he needed, and he didn't over-communicate before the wedding but yet also seemed to know exactly what I was looking for in a video. We got the video back quickly and we were really happy with the results. Thank you Jalen!! You were an obvious and effortless addition to my special day."

**Morgan - 2021 - Bride**

"Jalen ..... we just watched our video and all I can say is I'm crying, YOU ARE INCREDIBLE and so talented!!! The video truly surpassed all expectations and we cannot thank you enough. Every moment you captured so perfectly and every clip you put into the video was so thoughtful. You simply are the best and we appreciate you so incredibly much. We will cherish this video for a lifetime and for generations to come."

### **Heather - 2020 - Bride**

"We are so glad we discovered Jalen and his talent. Although he is just starting out his business, he came prepared and for a small additional price, was able to record our vows and speeches which was incredibly important to us. His communication was great and pricing was more than fair. He got our videos to us within a reasonable timeframe as well. Highly recommend!"

**Grace - 2019 - Bride**

"Jalen was so incredible for our wedding! He was kind and understanding and did an amazing job on our video. It truly captured our day and the creativity he brought to it was just what we wanted. My husband and I still look back at our wedding video and tear up...we have Jalen to thank for that! The memories he captured will last a lifetime."

# How You Started

## North Star (A Couple's Story): \$400

This is a personalized video telling the story of the relationship between you two, and the ***North Star*** behind your love for each other; establishing a foundation and compass. We will meet in a location of your choice, you two will sit down and tell your story, and combine the elements of your favorite moments that you two built together (photos, videos, letters, funny messages, etc.). Afterward Riley & I will alchemize all the pieces into a video to be a strong reminder of the reasons you two are together, and will be a mark in time to establish your starting point and North Star, which is *priceless*.

# Shall We Dance?

After doing multiple weddings, we realize being of one accord is key. We want to meet you before we book the date. Whether it is in person, phone call, or video chat. The reason for this is so that we can share understanding of the vision of your wedding, and we want to be in sync with you in the process.

## Let's Alchemize

Tell us all about your story via our website contact page. We WILL read your story because getting to know you is an important facet of capturing your story. We will respond to you most likely in a 24-48 hour window. If it is the weekend, it will probably be on the Monday after because we are either on a shoot or we are with family (personal/private life is very important to us).
